

SUCCESS IS A CHOICE YOU MAKE

If you want to be successful, you can be successful.
You alone have the responsibility to shape your life.
Once you understand this, nothing and no one can deny you success.
There's no one stopping you but yourself.

More powerful than all the success slogans ever written is the realization that
everyone has but one boss.
That boss is YOU.

Your life will always be to a large extent what you make of it.
No one can cheat you out of ultimate success but you.

Success or failure?
It's always your choice.

**"Success is not a lucky break. It's not a divine right. It's not an accident of
birth. Success is a choice."
-- Rick Patino**

**"Everything in your life is a reflection of a choice you have made. If you
want a different result, make a different choice."**

How will you apply this to your life?
